Teaching plan form for the subject

the week	the date	Theoretical material	Practical material	Notes
1		Definition of ornamental science - its development and importance	Identifying and studying some summer annual flowers/scientific names	
2		Divisions of ornamental science and ornamental plants	Training on propagating some ornamental plants	
3		Studying the environmental factors that affect the growth and flowering of ornamental plants, such as light, temperature, and humidity	Identifying winter flower seeds and viewing ornamental plant propagation facilities	
4		Studying some internal factors that affect the growth and flowering of ornamental plants, such as the carbon to nitrogen ratio, hormones, and dormancy phase.	Identifying winter flower seeds and viewing ornamental plant propagation facilities	
5		Continuing the study of some internal factors that affect the growth and flowering of ornamental plants, such as the ratio of carbon to nitrogen, hormones, and the dormant phase.	Conducting pruning operations for some ornamental shrubs and vegetable hedges	
6		Annuals - their division, study of summer and winter annual flowers	Planting some winter annual seeds and performing service operations such as weeding, irrigation, fertilization...	
7		First monthly exam	First monthly exam	
8		Biennial flowers, their types and methods of serving them	Planting seeds of some biennial flowers	
9		Perennial herbaceous flowers such as gerberas, violets, salvias...	Identify some types of perennial herbaceous flowers and grow some of them	
10		Flowering bulbs such as daffodils, iris, tulips, anemone and cranium.....	Identify some ornamental flowering bulbs	
11		Supplement flowering bulbs such as daffodils, iris, tulips, anemone and cranium.....	Planting some ornamental flowering bulbs in the pots	
12		Pot plants	Identify some of the plants grown in anvils and methods of serving them	
13		Supplement with pot plants	Continue identifying some of the plants grown in anvils and methods of serving them	
14		The second monthly exam	The second monthly exam	
15		General Review	Conducting service operations for some ornamental plants
